The Government of His Highness the Maharaja of Mysore are pleased to prescribe the following revised rules for regulating the grant of scholarships for Scientific Research and Technical Education from the Damodar Dass Charities Fund, in supersession of the rules issued under Government Notification No. G. 5420—G. M. 113-05-3, dated the 3rd May 1906:—

#### RULES.

I. With a view to encourage and promote Scientific Research and Technical Education among the people of Mysore, His Highness the Maharaja of Mysore has been pleased to sanction the following scholarships which shall be paid from four-fifths of the annual proceeds of the Damodar Dass Charities Fund.

II. The scholarships will be known as the Mysore Government Damodar Dass Scientific Research and Technical Education Scholarships.

III. There will be ordinarily two scholarships assigned annually, and each will be tenable for two years, or such other period as may be fixed by the Mysore Government, with reference to the subject of research or of education selected; and the holder of the scholarship shall study in such University or College or Institution in England or elsewhere as shall be decided from time to time by the Mysore Government.

IV. A candidate for one of the scholarships must not be over twenty-five years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very special aptitude for the higher branches of Scientific and Technical Study.

V. The scholarships shall be open to all Indians, who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other Recognised University, provided that, when qualifications of the candidates are otherwise equal, preference shall be given to those candidates, who are Natives of Mysore by birth or domicile or who have taken a degree from a Mysore College. In the case of Graduates in Arts their optional subject should have been Physics, Chemistry or Natural Science.

VI. Each candidate must forward with his application—

- i. A satisfactory certificate of birth or domicile.
- ii. A declaration that he has the consent of the head of his family to proceed to England, or elsewhere, for the purpose of this scholarship.
- iii. Certificates of good character from two persons (not relations of the candidate) of respectability and good position, in addition to the one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering.
- iv. A certificate of physical fitness to undergo the course of study or research which he will have to follow in England or elsewhere, signed by the

Senior Surgeon of the Government of Mysore, or a Medical Officer not below the rank of a District Civil Surgeon.

v. A statement of the course of study or research which he desires to pursue, with testimonials as to his educational qualifications for such course.

VII. Applications shall be addressed to the Secretary to the Government of Mysore in the General and Revenue Departments, and the selection of candidates will be made by the Government after the receipt of a report from a Committee appointed by the Government to report on the merits of the candidates.

The candidates may be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test or period of probation which the Committee may prescribe. A suitable subsistence allowance will be granted during such period of probation.

VIII. Each candidate selected will be given travelling allowance, 2nd class rail and steamer fares, to England or elsewhere from Bangalore, and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research. He will further be allowed, during his stay in England or elsewhere outside India, a sum of £200 per annum, payable quarterly in advance, this allowance to be inclusive of College and examination fees, cost of books, instruments and boarding charges. If the Institution selected by Government for the prosecution by the candidate of his study or research is in India or Japan, the allowance will be Rs. 100 per mensem.

IX. The subjects which the scholarship-holder shall study will be one or more of the following:—

- (1) Chemistry.
- (2) Physics.
- (3) Applications of Chemistry or Physics to agriculture and to the various arts and industries likely to be of greatest benefit to the Mysore country—such as dyeing; the extraction, purification and testing of sandal and other indigenous oils; soap and candle-making; glass-making; paper-making; match-making; photo-mechanical printing; sugar-refining; tanning; textile industries.
- (4) Medical research specially in Hygiene and Bacteriology.
- (5) Mechanical Engineering.
- (6) Mining and Metallurgy, including Electro-Metallurgy.
- (7) Electrical Engineering.

X. Each candidate selected, unless otherwise directed by Government, shall, within such period as may be fixed by Government, proceed to England or elsewhere, and on arrival there present himself before Messrs. Coutts & Co., Strand, London, or any other person or persons named by Government, who will pay him the amount of the scholarship for the first quarter. He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the purpose and there continue his study or research with all due diligence.

XI. The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research as certified in a half-yearly report to be sent to Government by the Head of the Institution he attends. The stipend of the scholarship for each subsequent quarter will be paid only on a bill countersigned by the Head of the Institution and a certificate that the student is in regular attendance at the Institution and that his conduct and progress are satisfactory.

XII. The scholarship will be forfeited if the holder thereof—not being disabled by illness or prevented by any other cause which the Government may consider sufficient—fail to complete the course of study or research prescribed or is unfavorably reported on by the Head of the Institution. No return passage will in such case be paid.

XIII. A candidate selected shall, before proceeding to England or elsewhere, enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules, that he will prosecute the study or research with all due diligence; and that on completion of such study or research course he shall return to Mysore and shall, if called upon to do so, serve the

Mysore Government for a period of not less than five years. If he fails to fulfil any of these conditions, he shall return to the Government the total amount received by him for passage money and scholarship.

XIV. The date within which applications shall be submitted and the subject or subjects of study and research selected annually by Government shall be notified in the Mysore Government Gazette not less than six months previously.
